Please write the U.S. Department of Energy, Office of Placement and Administration Attn: Phyllis Morgan, HR-561.22 1000 Independence Avenue SW., Washington, DC 20585.

SUPPLEMENTARY INFORMATION: The Department of Energy has determined in accordance with 10 CFR

600.7(b)(2)(i)(A) and (B), that the application submitted by FIU is for an activity which is necessary to the satisfactory completion of, and is a continuation of an activity presently being funded by DOE for which competition for support would have a significant adverse effect on continuity or completion of the activity; the activity is being conducted by FIU using its own resources and DOE support of this activity will enhance the public benefits to be derived; and DOE knows of no other entity which is conducting or planning to conduct such an activity. The proposed effort is to: (1) Further develop and expand the environmental research and education capabilities at FIU's HCET; (2) initiate new, as well as continue to develop already existing, cooperative research efforts with other major universities (including a number of Historically Black Colleges and Universities); (3) increase the number of minority students pursuing undergraduate and graduate degrees in environmental related disciplines; and (4) increase the scientific knowledge base in the environmental arena, with particular emphasis on energy related environmental restoration and waste management technology research and development.

John M. Albers,

Contracting Officer, Office of Placement and Administration.
